

Steeton-with-Eastburn/Silsden Joint Neighbourhood Plan

This is an anonymous questionnaire but it would be helpful if you can complete the following detail to help identify the demographics of our community. Please hand in at a drop in event or post to Rosie Sanderson, 35 Kings Mill Lane, Settle, BD24 9FD, or return by email to clerk@steeton-with-eastburnparishcouncil.gov.uk

Age:

Gender: Male/Female

Employment: Full time/ Part time/ Retired/Student/Housewife/Unemployed

Registered Disabled: Yes/No

General

- 1) What is good about the area?

- 2) What s bad about the area?

- 3) What makes a neighbourhood good to live and work in?

- 4) What pressures affect the area now or in the future?

- 5) What needs to change?

Housing

- 1) Accepting that more housing will need to be built within the next 15 years, what type and quality of housing would you like to see being built to meet the needs of the existing and future population (e.g. affordable, family, sheltered, single occupation units)?

- 2) What type of density of housing would you like to see being built?
- 3) Please mark on the map the areas which you think are the most suitable for future housing.(Several sites will almost certainly need to be identified)
- 4) Any other housing issues?

Employment

- 1) If more employment opportunities/job growth were available locally, what type would you like to see (e.g. manufacturing, retail, wholesale)?
- 2) In what type of employment are you currently employed (e.g. clerical, manual, professional)?
- 3) Which locality do you currently work in (e.g. Silsden, Steeton, Eastburn, Keighley, Bradford, Leeds, working from home)?
- 4) How far would you be prepared to travel for employment?
- 5) Do you think more employment could be created by local tourism? If so, how?
- 6) Please mark on the map the areas which you think are the most suitable for any future employment centres.
- 7) Any other employment issues?

Education

- 1) Do you think the local primary schools and secondary school, South Craven, are adequate for an increased population?
- 2) Do you think we need any more nursery provision?
- 3) Is there enough provision for school leavers (e.g. training, apprenticeships)?
- 4) Any other education or training issues?

Transport

- 1) Do you use public transport regularly, which type, how often and where do you travel to most frequently?
- 2) If you do not use public transport, why not (e.g. cost, availability, access to the station, reliability)?
- 3) Do you own a car or have use of a car on a regular basis?
- 4) Do you use a pedal cycle, if so how often? Please specify if it is for work or leisure.
- 5) Do you use a car/cycle combination or cycle/train combination to get to work?
- 6) How easy is it for you to travel to Steeton railway station (e.g. crossing the bypass, bus links)?
- 7) Which destination, by whichever travel means, do you frequent the most often (e.g. for work, school, leisure)?
- 8) Would you cycle, walk across the valley if there was better access (e.g. footbridge, underpass)?
- 9) Any other transport issues?

Health

- 1) Is current healthcare provision for the area adequate?
- 2) If not, what else is needed?
- 3) Any other healthcare issues?

Leisure

- 1) What are your favourite leisure/culture activities (e.g. cycling, walking, sport, theatre)?
- 2) How often and whereabouts do you enjoy these activities?

- 3) Are there any local developments that would improve your ability to do this activity (e.g. cycle paths, footpaths)?
- 4) Does the local area need any more community buildings (e.g. sports, meeting places for local organisations, concerts, education)?
- 5) Can you suggest specific improvements which could be made to improve the leisure/tourism of the canal and river areas?
- 6) Any other leisure or recreation issues?

Environment

- 1) Have you or anyone you know been affected by local flooding, if so, how often and where? Please mark on the map.
- 2) What are your feelings regarding fracking?
- 3) Which areas of green spaces and natural features are most important to you?
- 4) Please mark the areas on the map which you feel need to be protected and preserved.
- 5) Any other environmental issues?

Anything else we have missed?
